Dear Bill and Preston

I inspected the Dove Creek and Lynn Springs quarries last Monday, August 7. Nothing has happened at Lynn Springs that I noted. Remember brace posts still need to be put into the fence. Let me know when you plan on moving to Lynn Springs.

At Dove Creek I saw that the old car was still on the site. As I stated in my letter of July 17, that car must be removed by August 18. Please remove it before that date. Also there are still three camps. My July 17 letter directed you to consolidate into one. Right now the only camp approved in your Plan of Operation (POO) is down in the lower aspen stand. If you want another site, you must submit a written request to change the POO. Only one camp site will be approved. I noticed that Old Leaky was gone from the quarry. Is there anything I need to know about the situation?

Sincerely,

Gordon Struthers
Minerals Management Specialist
